Nursing Assistant Education in Video: Second Edition

Students in nursing assistant programs are often faced with the challenge of using a textbook to learn intricate skills, such as how to lift and turn a fragile patient or conduct CPR on a young child. To truly excel, nursing assistants need training resources that address the nuances of their role. Much like its award-winning sister product *Nursing Education in Video*, the high quality content within *Nursing Assistant Education in Video: Second Edition* is the result of a partnership with Medcom Inc., the world's most respected producer of nursing education videos. Users of this collection can trust that they're getting their information from a trustworthy source that is committed to supporting the unique needs of nursing assistants.

- ✓ 60 full-length training videos designed specifically for nursing assistants.
- ✓ Each title features leading industry experts providing hands-on demonstrations and step-by-step instructions in all of the need-to-know areas of nursing assistance.
- ✓ Every film within *Nursing Assistant Education in Video* was produced in 2009 or later.
- ✓ All content meets the guidelines of top organizations in the field including The Centers for Medicare and Medicaid Services' requirements for OBRA compliance, OSHA standards, and CDC Standard Precaution guidelines.

TITLES IN FOCUS

- ▶ **"Bedmaking: The Well-Made Bed"** (Cypress, CA: Medcon, 2014)

Excerpt: "Little actions that increase comfort make a meaningful difference to the patience you care for. A clean well made bed not only feels good but is an important component to an individual's overall health. A well made bed helps prevent problems such as bedsores and the spread of infection..."

- ▶ **"Understanding Abuse and Neglect"** in Nursing Assistant (Cypress, CA: Medcom: 2009)

Excerpt: "Imagine for a moment that you are an elderly nursing home resident. Your health is declining physically and mentally. Throughout the day you need help in doing the simplest of tasks; such as dressing, or going to the bathroom. When caregivers speak to you, you sometimes have difficulty understanding them and you become frustrated or confused. On some days, you struggle with depression and there are moments when you become easily angered. All that was once familiar to you has changed.... Nursing home residents are among our most vulnerable and helpless citizens. Frail health and mental impairments can leave a nursing home resident powerless against abusive behavior and neglect.... When you're handling any resident they're really looking at you to take care of them, not to hurt them, and you can't look at them as children because they're not children, they're adults.
